BIG PATRIOTIC MEETING AT THE COURT HOUSE AT 8 P. M.

TO BOOST LIBERTY LOAN

Distritct 8 in Atchison Township Is First to Announce "Over the Top." —"Hard Work Ahead," Pierce.

District No. 8, Lone Elm in the north part of Atchison township is the first district to announce "over the top" in the Fourth Liberty Loan, the committee reporting subscriptions yesterday of $5,500, their quota being $5,500. The amount was raised in four hours. G. H. Holbrook and Ira Gillespie are committeemen in this district.

There will be no let up this week by any of the solicitors who are at work and by the end of the week Chairman W. C. Pierce hopes to announce that Nodaway county has made the goal. "Everything is working in good shape," said Mr. Pierce this morning, "and while we have a big job on our hands, I think by united effort we'll make it. We are not over-confident for it is going to take lots of hard work."

The first meeting of the campaign will be held tonight with Joseph W. Folk, former governor of Missouri, as the speaker. Mr. Folk, who is working in the interest of the Fourth Liberty Loan, will devote his talk to war matters, all candidates having dropped politics during the loan campaign for the larger work of helping to win the war. The meeting will be held at the court house and all are invited, especially the ladies.

Governor Folk arrived in the city this afternoon from Rock Port where he spoke this morning in the interest of the Fourth Liberty Loan. Mr. Folk will spend the night here at the home of S. G. Gillam. He is to deliver a patriotic address tomorrow morning at 10 o'clock at Skidmore.

John H. Lahr, representing the Democratic State Committee, was in Maryville this morning, arranging for the meeting here this evening. He went from here to Skidmore where he is making arrangements for the meeting tomorrow morning.

To win the race this county ought to have the Fourth Liberty Loan subscribed or over subscribed before the end of the week. We cannot afford now, with the Germans retreating, to fall down on the job, or to feel that the war is all over but the march to Berlin. We must not lag in our support and must meet every demand the country makes. We must stand pat to the finish.

Don't make the mistake of over-confidence, it may be fatal. Keep on buying bonds.

Visit at Bedison.

ARMY FLIER HERE FRIDAY

Lieut. Geo. L. Dickey Promises Thrilling Exhibition of Stunts in Air in Army Plane.

With fair weather Friday one of the biggest crowds Maryville has ever had will be here to see Lieut. Geo. L. Dickey of Scott Field, Belleville, Ill., give an exhibition flight in his army airplane.

Lieut. Dickey last week gave an exhibition at Chillicothe and so thrilling was his flights that a second visit was asked and granted. Lieut. Dickey is one of the crack airmen of the Belleville station and in his flights here will do all the fancy stunts, loop-the loop, tail spinning, side splitting, nose dives, etc. The events will be made the occasion for a big demonstration for the Fourth Liberty Loan.

Shall Maryville surrender to the Kaiser and turn off her street lights "on account of the war?"

Company C, Home Guards, has arranged for a camp-fire on Thursday night on the aviation field and an all night camp.

While a definite announcement of the time of the flights cannot be made as yet, it is expected the exhibition will be given during the afternoon. Lieut. Dickey will arrive here Thursday evening from Belleville, flying from Chillicothe where he will be on Thursday. The exhibition will be free.

MEETING AT NICHOLS STORE

Fourth Ward Residents to Meet There Tonight to Discuss City Light Question.—Explain Contract.

A public mass meeting will be held at the Nichols store on East First street promptly at 7:30 o'clock this evening to discuss the electric contract to be voted on at the special election in Maryville tomorrow. The meeting will start early in order that those who desire may go on to the court house and hear the patriotic address of Ex-Governor Folk. Quesions about the electric light contract will be answered and all possible information given to those who seek it.

Every citizen who is interested in seeing the streets kept safe for the women and children of Maryville is urged to attend.

Plans were made to hold meeting at the Nichols store and at the Franklin and Garfield ward schools last night instead of tonight but this arrangement was changed because of all the speakers had engagements to speak for the Fourth Liberty Loan at various places in the county.

Taylor Jitney Station Moves.

Pearl Taylor has moved his jitney station from the Godsey barber shop on East Fourth street, to the office of the Maco print shop, first door south of the First National bank on Main street. Mr. Taylor expects to add some new cars to his livery service and can take care of all orders quickly and with good service.

Illinois Guests Here.

Mr. and Mrs. Sterling Simpson of McComb, Ill., who have been visiting at Burlington Junction with Mrs. Peter Cornell and family, left in the car Saturday for Atchison, Kan., to visit. They were accompanied by Miss Anna Cornell of Burlington Junction, who will spend several days visiting.

FIRST CALL AT 5:45

AN INTENSIVE PROGRAM FOR THE MEMBERS OF S. A. T. C. CORPS

TWO HOURS DRILL DAILY

Formal Induction Into Government Service Expected to Take Place Tomorrow.—Await Equipment.

6:15—Mess.
7:30 to 9:30—Study.
10:00—Taps.
7 to 11 a. m., Saturday—Inspection and Military Drill.

Out of barracks or out of town passes from noon Saturday until taps Sunday.

With the organization of the Students Army Training Corps at the Normal, there is now a school within a school, but everything is working smoothly, the military unit hoving in no wise disturbed the routine of the institution. All the members of the faculty have been assigned work in connection with hearing class recitations, members of the Corps joining the regular classes at the appointed time. The daily routine begins with first call at 5:45 o'clock and until taps at 10 o'clock there is very little time for much else but work and study. It is an intensive program of training that plans to get results quickly.

Included in the studies required are the following: Military science and tactics, war issues, military law and practice, surveying and map making, map reading and navigation, sanitation and hygiene, mathematics, physics war French, English, typewriting, mechanical drawing and woodwork.

The terms are in periods of three months each. The twenty-year old men are required to take one term, the nineteen-year-old men two terms and the eighteen-year-old men three terms.

The barracks and mess hall and kitchen are ready for use as soon as supplies from the quartermaster's department are received. Formal induction of members of the Corps is expected to take place tomorrow when Lieut. DuRette returns from Tarkio, where he went this morning.

Move to Washington.

Mr. and Mrs. C. E. Baker and daughter, Helen, left this morning for Kelso, Wash., where they will make their home in future. They have been living on a farm near Barnard.

A $40,000 Land Deal.

Sherman Pierpont sold today his 210 acre farm three miles north east of Maryville to O. M. Gray, the consideration being $40,000. Possession will be given the first of next March. The sale was made by Hugh Strong.

Mrs. De Hart Here.

Mrs. Lewis De Hart of Chicago, arrived in Maryville yesterday for a visit with her parents, Dr. and Mrs. C. S. Jackson.

TO VOTE TOMORROW

LIGHT ELECTION CALL TO MARYVILLE'S PUBLIC SPIRIT

NEED 2-3RDS MAJORITY

Let Your Vote Be For Further Progress and Future Welfare of the Town.—The Polling Places.

Tomorrow Maryville will vote on a matter vital to its future welfare, the lighting of its streets. The proposal to vote a special levy to pay the cost, together with the contarct with the elecric light company is familiar to the taxpayers. A vote for the special levy will accomplish two things. It will assure the permanent lighting of the city's streets at a fair and reasonable rate, making the city a safe place to live in, and it will be the means of relieving the strain on the general revenue fund which is now "in the red" to the extent of $12,000.

The polls will be open tomorrow from 6 o'clock a. m. until 7 in the evening. Below are given the voting places and the election clerks and judges.

First ward: Vote at City Hall. Judges: E. E. Wolfert, Hal Hooker, Ed Hamlin and C. L. Gann.

Second ward: Vote at Sewell's garage. Judges: Chas. Eckert, Walter Mutz, R. P. Hosmer and A. S. Robey.

Third ward: Zook building on North Main. Judges J. H. Thorp, Orville Bennett, R. A. Strawbridge and E. E. Lloyd.

Fourth ward: Kane building at the corner of East Third and Market. Judges: Howard McCaffrey, R. E. Thomas, George Moore and William Armstrong.

The contraht with the light company calls for the levy and collection of a tax of 25 cents on the $100 valuation. It has been shown by the tax records that the average property assessment of Maryville residents is below $2,000, but very few being assessed for larger amounts. This means that the average tax for each taxpayer would be about $5.00 yearly.

The argument has been advanced that in the even the city's assessed valuation should be increased the tax levy could be increased in proportion and there might be no limit to the amount that could be raised. This is not true. No matter what the assessed valuation of the city might be it would be impossible for the city council to raise a tax in excess of the sum stipulated to pay for the lights.

The election will require a two-thirds majority to carry and it is urged that every citizen interested in the welfare of the city and its future growth and progress go to the polls tomorrow and cast a vote for the special tax.

TO FIGHT INFLUENZA

RED CROSS STARTS MOBILIZATION FORCES FOR PREVENTION

7 CASES IN MARYVILLE

Dr. Ryan, City Physician, Says Every Precaution Is Being Taken.—See No Cause for Alarm.

Several new cases of Spanish influenza have developed since yesterday making seven persons that are known to have the disease. Dr. F. M. Ryan, city physician, said this afternoon that while he knew of the cases they had not been reported for quarantine "Considering the spread of the disease elsewhere," said Dr. Ryan, "Maryville is particularly fortunate in having such a small number of cases and there is no reason for alarm as every precaution is being taken to prevent its spread and the few cases that have developed does not warrant the closing of schools, picture shows and other places of public gatherings."

Washington, Oct. 7.—Moblization of the full force of the American Red Cross to combat the epidemic of Spanish influenza, which rapidly is spreading over the country, was determined upon today and instructions sent to all chapters.

In co-operations with the public health service and the state boards of health, the Red Cross will enroll nurses and will freely use its accumulated hospital supplies to fight the epidemic. A call also will be made for volunteers to go into the homes where mothers and housekeepers are ill and assume charge.

Reports today to the public health service showed both that the disease is spreading and that the number of cases reported where it had been prevalent heretofore is increasing. This, however, was not the situation in army camps, the number of new cases reported during the forty-eight hours ending at noon today showing a slight decrease. Pneumonia in the camps continued to increase, with 4,532 new cases and 1,388 deaths reported since Saturday.

Influenza cases reported from all camps since the disease became epidemic, Sept. 1, now total 167,000; pneumonia cases, 17,102, and deaths, 1,910.

St. Joseph Public Places Closed.

St. Joseph Mo., Oct. 8.—St. Joseph's public schools, theaters, churches, and all other places where people congregate, were ordered closed in a proclamation issued last night by Mayor J. C. Whitsell, as a measure to stop the spread of Spanish influenza. There are 400 cases of the disease here, according to health officials, and there have been three deaths.

WILSON'S REPLY IS READY

It May Not Be Made Public Here Until It Is Actually Delivered in the Teutonic Capitals.

Special to The Democrat-Forum.

Washington, Oct. 8.—President Wilson again denied himself his early morning golf today and remained closeted in his study alone. Officials in commenting on the task which the president has in preparing a reply to the eGrman-Austrian peace note said there is no donbt what the president will say, but that he must be unusually careful just how he says it. Private Secretary Tumulty announced that Secretary Lansing would have a statement for the press about four o'clock this afternoon. He refused to make any other statement regarding the note.

Secretary Lansing was in conference with the president just before noon and the president's reply to the Teutonic peace proposal was discussed. It is understood the reply is about completed, but whether it will be made public before it is actually delivered in Teutonic capitals, officials will not say.

WILSON'S ANSWER

Washington, Oct. 8.—President Wilson this afternoon sent a note to Germany demanding whether that nation was acting in good faith when it asked for an armistice. He made it plain that upon its reply depended any action he might take and in this connection he also made it plain that he cannot suggest any armistice so long as the troops of the Central Powers remain on the soil of the government with which they are at war. The President asks the Imperial Chancellor whether he is speaking "merely for the constituted authorities of the empire who have heretofore conducted the war."

BIG COUP COMING

British Are Now Within Five Miles of the Great German Supply Base, the Advance Being in the Face of Heavy Resistance.

London, Oct. 8.—A new drive was launched on the Cambrai-St. Quentin front by American and British forces this morning, the war office announced Good progress was being made, the statement added. The attack was carried out in a heavy rain. 230 German prisoners were taken in other operations.

With Americans Northwest of Verdun, Oct. 8.—Americans advancing up the Meuse valley have reached the outskirts of Brieulles, thirteen miles north of Verdun. An American batallion that had been cut off and surrounded in the Argonne forest last Friday was relieved last night when their comrades broke through the stiffest kind of German resistance and rescued them.

Paris, Oct. 8.—Two more villages have been taken by the French in their drive north and northeast of Rheims, the war office stated this afternoon. The outskirts of Conde-sur-Suippe, at the junction of the Aisne and Suippe rivers is in French hands. This represents an advance of a mile and a quarter from Aguilcourt. Across the Aisne northeast of Rheims the French have captured the German base at An-

A CALL TO TEACHERS

COUNTY SUPT. URGES OBSERVANCE OF LIBERTY DAY, OCT. 12.

PLAN FOR CELEBRATIONS

Asks That Harvest Home Festival Be Held in Every Rural School District in Aid of Liberty Loan.

The following letter has just been sent to the three hundred rural school teachers in Nodaway county by Superintendent Bert Cooper urging the celebration of Liberty Day, October 12:

"It has been the custom to select the second Friday of a Liberty Loan drive as Liberty Day. October 12th, the anniversary of the discovery of our country, has been designated as Liberty Day for the Fourth Liberty Loan drive. Every school district in the state is requested to arrange for a celebration of the discovery of America with an appropriate Harvest Home Festival.

"When the people of a community recount the fruits of their summer's labor, they will naturally ask themselves what share of them ought to be invested in Liberty Bonds. When they come to realize what the discovery of America has meant to them personally, what it has meant for the cause of Freedom and Democracy, what it will mean for the salvation of the world in the present world tragedy, when they begin to feel all this, they must of necessity say this is worth investing in, worth fighting for, worth making any sacrifice for.

"It is hoped that every community will be able to meet its quota by that day. Every local community should make this its goal and on Liberty Day announce the achievement and rejoice over it. The Harvest Home Festival is our earliest form of American celebration, before cities were built; and it would be interesting to carry the idea over into city life. The characteristic harvest of the city is not fruit or grain, but the products of social life, like commerce, arts, music and architecture. Cities and country communities should celebrate the day, each after its own fashion, but the Harvest Home idea applies equally to both. Whatever a community's particular type of product may be, on Liberty Day its aim should be to reap a harvest of dollars for Democracy. On this day people should meet not as city or country people, but as citizens, all united for the single purpose of serving the the nation by devoting a part of our products to its needs.

"To mobilize the spirit of America is of paramount importance. October 12 furnishes the occasion for expressing the nation's spirit in definite terms of service to meet the nation's present need. The idea is big, the opportunity is great. The time is short! Please use every effort to make this a most successful celebration."

A CONSERVATION COMMITTEE

Red Cross Organizes New Department to Have Charge of Gathering Materials and Articles Called For.

The American Red Cross has established a conservation department and has asked that all chapters and branches appoint a committee of five members the committee to include a retail merchant, jewler and a dealer in food stuffs.

G. B. Roseberry, chairman of the Nodaway county chapter, has appointed W. J. Montgomery, A. S. Robey, Prof. J. M. McDonald, Bert Raines and Prof. A. C. Cooper as a conservation committee for the Nodaway county chapter and each branch is expected to appoint a like committee to carry out the conservation orders as they come from the Southwest Division.

There has been three orders up to date and the fourth is now ready to be executed by the committee. The first order was for the worn clothing for the Belgians, the scend order for fruit pits and nut shells. The third order for the linen shower and the fourth order is for platinum and tin.

The first and third orders were to be collected at once but the second and fourth orders will run until the orders are rescinded or until the supply is exhausted.

All material must be delivered to chapter headquarters for shipment. A record must be kept by the different conservation committees of the amount of material collected and the amount of money received by them and each branch will receive credit for the amount of money that their material brings in the market.

Tin can be used in the following forms: Foil of every kind, tobacco and cigarette foil, chewing gum foil, chocolate foil, foil used by florists, collapsible tubes of all kinds, pewter articles of every kind. Tin cans are not wanted.

Platinum: The war industries board states that it is vitally important, indeed a matter of real necessity, that the stock of platinum be built up for the future.

Platinum may be found in many forms of jewelry, such as pins, rings, brooches, mesh bags, cigarette cases, watches, watch chains, purses, vanity cases, cigarette cutters, lavallieres, sleeve buttons, chains, lorgnettes key rings, studs, key chains, etc.

Platinum is needed by the government and by the industries of the country for many vital purposes. Among its industrial uses are the making of contact points for magnetos to be used in tractors trucks automobiles, motorcycles and gas engines, the making of contact points for telephone and telegraph systems and wireless plants, X-ray tubes, hypodermic needles, chemical apparatus for laboratory and research work and scientific instruments. By way of an example: One ounce of platinum will make points for magnetos to operate 150 trucks or tractors.

A Store Policy that Means Economy to Its Customers

THE policy of a store—the basis on which it is run--has a great deal to do with the service it can render its customers and the policy of this store of buying and selling for cash---of making one reasonably low price to all—no cut price sales and carrying at all times qualities which will give the greatest service for the price.

These are the things we want you to take into consideration in your buying—they are the things that have made us many customers and friends.

This has been a peculiar year in merchandising and it has taxed our "strategy" to keep full lines in stock and be prepared for the fall and winter demand but we have been able to get good goods and we have been able to keep prices down in many instances much lower than we ourselves thought would be possible.

In Ladies' Ready to Wear Garments

We were fortunate in being able to secure some of the best numbers from several different makers—thus giving us an excellent assortment all of the most stylish designs and patterns, but all different. Many of these same styles are sold in the larger cities at much more than we are asking for them, simply because of their style and because the big stores are obliged to cut so much on the "left overs" later on. We don't have left overs to cut prices on, but it is well to make selections early while the lines are complete—the price will stay the same—as low as possible.

COATS are very modish, and include styles and fabrics at a very wide range of price. We believe that almost any lady will find what she wants here and we know she will be pleased with the prices.

UNDERWEAR FOR MEN, WOMEN AND CHILDREN

This is a line that we carry in very large assortment, and we believe that we can outfit the entire family in just the kind of underwear they require and at prices unusually moderate for the grade of goods.

SHOES

The economy in shoes depends largely on their wearing quality, and while our prices on men's, women's and children's shoes is uniformly low, good quality has been the consideration in our buying as it should be in yours. We are always glad to show footwear, and we have many new styles that will appeal to you from the standpoint of beauty as well as economy.

SEASONABLE MERCHANDISE

In many other lines of fall and winter merchandise, such as Sweaters, Blankets, wool dress goods, silks, gloves and hosiery, you will find this store prepared to meet your requirements in a way that will please you, and always with that policy that insures you a price always the same and always as low as possible with quality just a little higher than seems possible for the price.

Betty Wales Dresses

In these days, crowded with serious activities, only the more practical types of dresses receive attention.

BETTY WALES recognizes this, so each new BETTY WALES model is made with the definite idea of filling some special purpose—every dress combines a dash of style with real serviceability, and yet has an air of girlishness.

The most popular of the season's materials in all the best colors are used and many novel and pleasing trimming-effects give a touch of individuality and distinction.

The school girl, the business woman and the home-maker can all be tastefully gowned in BETTY WALES DRESSES at a price that suits a war-time purse.

No matter what your dress needs may be, you will find a BETTY WALES DRESS to suit you.

are attracting considerable attention, owing to the special values we are offering this season at this price. You certainly do not want to buy a dress ANYWHERE until you see this showing at $25.00. The line comprises serge, satin, jersey, satin and serge and Georgette. Most of these dresses are copies of higher price models, so you are assured of correct style in one of these garments.

Other beautiful dresses at $15.00, $19.75, $22.50 and up to $69.00.

SERVICEABLE WARM COATS AT $25.00

Many people have made up their mind not to pay over $25.00 for their winter coat. We have been fortunate in securing exceptional values this season to sell at $25.00—coats made in the most approved styles and serviceable materials in shades of navy, taupe, green, burgundy and reindeer.

Other coats at $15.00 to $75.00.

YOU have READ MANY ADVERTISEMENTS ABOUT UNDERWEAR.

Everyone wants your business. We solicit your business on the merits of the lines we carry. We have selected

FOREST MILLS AND CARTER'S

as it has been proven to us by comparison that their is none better. We want to convince you of this fact and comparison is the only way. We will get your business if you buy on the basis of comparison.

THESE TWO MAKES

are no higher in price than other makes, but the quality of the merchandise is superior in every way. If you have never worn Forest Mills or Carter's, be a customer this season and you will have real underwear comfort.

The Ideal Baby Department

WE have just completed the installment of beautiful and convenient new cases cabinets and fixtures for an exclusive Baby Goods Department, at the rear of the east aisle in the Millinery Department. We have spared neither time, labor nor expense in making this Department the most attractive and exclusive Baby Department in this section of the state.

Mothers wishing to secure apparel and all things that go to make for the comfort and welfare of the baby will find an assortment that meets every desire. Relatives and friends that wish to make a gift to baby will do well to visit this exclusive department, where we have collected everything in dainty gift-things that make for baby's pleasure and entertainment.

All mothers should keep a record of the baby's development, and, as a help for you to do this, we have installed a baby's weighing scale which will record the correct weight and is convenient to use. It has mounted on top a white enameled basket with white Sateen padding—just place the baby in this basket and get its correct weight as often as you like; we have installed it for your use.

CAN WEAR SERVICE CHEVRONS.

Charles Wiles Has Seen Six Months Active Service.

The following letter written by Charles Wiles to Ralph Jamison of this city tells news of several other Maryville boys. Before the letter was received in Maryville, young Jamison had entered army training at Fort Benj. Harrison, Ind.

August 26.

Dear Friend: I received your letter this morning and am very glad to hear from you. Things over here are about the same as usual with me. I understand today is the day you are to go into camp. Well, just six months ago today we boarded a transport for France. I am entitled to a service chevron now. Several of our friends went to Camp Pike, but I don't suppose tney are there now. Army life will be a little tough for a while, but you will soon get used to it. As the old slogan goes, "it's a great life if you don't weaken." I received a letter from John Mutz the other day. He has been over about two months now. There are several of the boys in his regiment, Jim Anderson, George Tate, Harry Crane and others we used to know. You fellows will have to hurry up, as we will have this thing over with and you won't get in on it. Our army is sure making a big show. I have not seen Dick Livasy for about four months. I got a letter from him and he was leaving for the front. He is in the 30th Engineers, Co. C. Well, old top, give Mark, Peanut and the other fellows my regards. Your friend,

CHARLES WILES.

WOULD LIKE SECRET FOR LOOKING WELL.

"Two weeks ago I weighed 96 lbs. Now I weigh 105 lbs and I feel perfectly well. Anyone I see suffering I tell them of what Mayr's Wonderful Remedy has done for me. They all want to know what makes me look so well. Your medicine has also been a real life-saver for my mother. I cannot recommend it too highly for stomach trouble." It is a simple, harmless preparation that removes the catarrhal mucous from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. NOTICE OF SPECIAL ELECTION.

TO ALL THE QUALIFIED VOTERS OF THE CITY OF MARYVILLE, MISSOURI:

Public notice is hereby given to all the qualified voters of the city of Maryville, Missouri, that under and pursuant to the provisions of Ordinance number 798 of said city of Maryville, duly passed by the Board of Aldermen and approved by the Mayor on the 23rd day of September, 1918, a special election will be held in said city of Maryville on Wednesday, the 9th day of October, 1918, for the purpose of ratifying and confirming a contract made and entered into on said 23rd day of September, 1918, by and between the city of Maryville, Missouri and the Maryville Electric Light and Power Company, a corporation, for the purpose of lighting the streets, avenues, alleys and other public places in said city, for a period of five years, which said contract is now on file in the office of the city clerk of said city of Maryville, where same may be examined by any and all persons, and to authorize and empower the Board of Aldermen of said city of Maryville, Missouri, to levy and collect a special tax on all the taxable property in said city of Maryville, in addition to the taxes now provided by law for said city, and in addition to the yearly income and revenue now provided for said city of Maryville; said special tax to be levied on all the taxable property in said city of Maryville in accordance with the assessed valuation thereof for the years 1918, 1919, 1920, 1921, and 1922, and in an amount sufficient to produce in each of said years the sum required to meet the annual indebtedness of said city during such year for street lighting as authorized under said Ordinance No. 798 and said election, and not in excess of $5,646.50, said special tax when collected to be used for the purpose of paying for lighting the streets, avenues, alleys and other public places in said city of Maryville, as provided by the above mentioned contract and for no other purpose whatever.

The polling places for said special election shall be as follows: First Ward—At City Hall or building located at number 303 East Fourth street in said city of Maryville. Second Ward—At the building known as the Sewell Garage, located at number 114 West Fourth street in said city. Third Ward—At the building known as the Zook building, located at number 208 North Main street in said city. Fourth Ward—At building known as Kane building, located at the southeast corner of the intersection of Third and Market streets in said city.

The polls at said election will be opened at 6 o'clock in the morning and kept open until 7 o'clock in the evening, unless the sun sets after 7 o'clock, when the polls will be kept open until sunset.

If two-thirds of the qualified voters of said city of Maryville, voting at said special election shall vote to ratify and confirm the contract with the Maryville Electric Light and Power Company as hereinbefore set forth, and to levy the special tax to pay the cost of lighting the streets, avenues, alleys and other public places in said city as provided in said contract, then and in that event said contract with the Maryville Electric Light and Power Company will become a binding and valid obligation of the city of Maryville, Missouri, and the Board of Aldermen will cause to be levied and collected the special tax to the amount hereinbefore mentioned for each of said years hereinbefore mentioned, to pay for the lighting provided by said contract.

Witness our hands and the seal of said city of Maryville, this 23rd day of September, 1918.

(Seal) W. O. GARRETT, Mayor.

Attest: J. ARTHUR WRAY, City Clerk.

LIEUT. SHELTON IN FRANCE

Visits Grave of Quentin Roosevelt.—Is Former Maryville Man.

Lieut. W. J. Shelton of the medical corps, a son of Mrs. Ellen Shelton of this city, recently wrote a very interesting letter to his aunt, Mrs. R. L. Limerick of Savannah, which was copied in the St. Joseph News-Press. Lieut. Shelton is a former St. Joseph physician and has been in France since last May. The family were residents of this city until about the time Dr. Shelton completed his medical education. His letter bears the date of September 5.

"It has been more than three months since I left the States, and I have traveled over a considerable part of France The country is much like our section of the States, only the towns, of course are different with their crooked streets and ancient stone buildings. The roads are all of fine macadam. Only in certain sections is the country shot to pieces as badly as represented. In these sections there are many shell craters and trenches, and the towns are demolished. I have been in shell fire and the terrifying night air raids. I am with an ammunition train, with ambulance and fourteen men of the medical department. I am in one of the busiest sectors.

"The Germans seem to be losing strength in man power. Many seem to be very willing to become prisoners. I see air fights daily and must say that the boches are good fliers. This sector is full of caves built and recently vacated by the Germans. A captain, a lieutenant and myself sleep in a concrete cave eighteen feet underground. This division is from the Northern states, therefore I see no one I know.

"Recently I rode on horseback to the grave of Quentin Roosevelt. It is on a hillside back of the lines now. I have seen a lot of war—some of it as bad as pictured, but generally not as awful as I had expected, and I have been where is was worst. Yet most of us would be glad to see the hasty crushing of the Germans. I am feeling fine here where the guns are booming. I expect to get my mail all in a bunch. An officer here received his 1917 Christmas box from home yesterday."

Women Can Arm Fighters.

A woman cannot fight, but if she buys Liberty Bonds she can arm the fighters.

The woman in the shadow of the supreme sacrifice of her son—her husband—her brother, and the woman whose only direct contribution to the fighting may be to put the sword in the hand lifted in defense of her country—all may help by purchasing Liberty Bonds.

And they are ready—as woman has ever been ready—to sacrifice themselves in answer to the call to service.

Bonds bought by sacrifice are the decoration of the civilian-soldier.

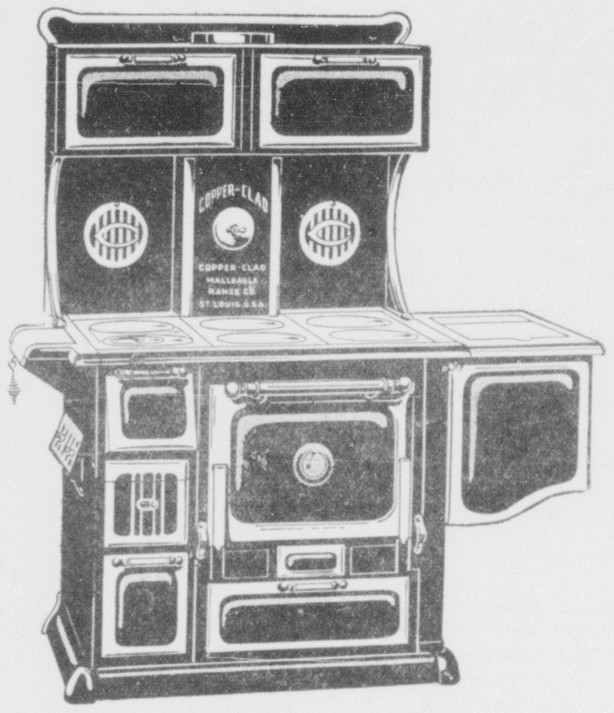
Come To Our Copper-Clad

Demonstration

Starting Monday, Oct. 14th

and see the Asbestos Sweat



"OH—YOU BEAUTY"

That's what comes to your mind every time you go in the kitchen and see the Copper-Clad Range. It is an inspiration because the finest known example of the artificers' art in range making.

Copper-Clad means that a sheet of pure copper is placed BETWEEN the sweaty asbestos and range body.

SEE WHY COPPER-CLAD RANGES DO NOT RUST OUT.

A section of a range body is heated and there on the iron body is the sweat from the asbestos.

You see just exactly what happens every time you build a fire in your range. You see why the sheet of copper is used and what it does and how it does it. You take nobody's word—you see—you know—absolutely, positively.

You know how the many walls and air spaces of a thermos bottle hold the heat. You know that a house with a single wall is not as warm as the house with two walls and an air space. You know that storm windows, two windows with a space between, are much warmer than a single window, even if it is as thick as the two windows.

SAVE A THOUSAND SHOVELS OF COAL EVERY YEAR.

The Copper-Clad Range has four walls and an air-space. See what it means in fuel saving. See how the heat is wasted by radiation on the three-wall construction and how it is saved by the four-wall thermos construction.

Suppose that you save but one shovel of coal at each meal; in a year's time you would save over a thousand shovels of coal. Pay? Of course, it will pay; and you owe it to yourself to see these two great demonstrations and know for your own self what range lasts longest—is most economical—cooks best—and looks best.

The French force that captured Berry-au-Back on the Aisne north of Rheims has extended its gains and by reaching Conde-sur-Meuse, has plenty of elbow room for striking eastward along the northern bank of the Aisne, adding further peril to the division of the German army that has been attempting to make a stand north of the Suippe river.
